

A Word from Our President**The Heavens Declare the Glory of God!**

"The heavens declare the glory of God; and the firmament sheweth his handywork." Psalm 19:1

Have you ever observed the Milky Way on a clear moonless night? Or witnessed an autumn moonrise over the Rocky Mountains? How about a whale breaching out of crystal clear ocean waters? Or have you looked through a telescope and seen the rings around Saturn?

Each day we enjoy God's greatness and creative handiwork all around us. Even in the most populated city in America we can look up and behold a full moon or enjoy a brightly colored flower. Yet, how often have we taken for granted God's glorious handiwork? How often have we been so focused on our daily routine that we fail to acknowledge God or give thanks to Him for the glory of His magnificent creation?

I am certainly guilty of failing to thank God for His greatness and mercy. I have gotten so lost in my own daily toil that I failed to stop and thank Him.

With summertime in full swing we have the perfect opportunity to get out into God's glorious creation. So, dust off your old hiking boots. Lace up your worn-out tennis shoes. Hop on your bike or even lay on a blanket in your favorite park. Then simply look around and give thanks to our great God for His mercy and salvation!

Isaiah 55:12, "For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands."

Revelation 4:11, "Thou art worthy, O Lord, to receive glory and honour and power: for thou hast created all things, and for thy pleasure they are and were created."

Your Support at Work!

We have some exciting news to share. Thanks to the donations from our listeners we've been able to purchase two new satellite dishes for our headquarters!

These dishes will broadcast our message up into space and back down to our stations across the country. With this new equipment, our listeners will experience fewer dropped signals and less interference from weather.

So, next time you step outside on a warm summer night, look up at the stars and marvel at the fact that God's Word is being shared across the country, traveling through space from a listener-supported radio network based in California. We thank God that He's made this technology and equipment possible, and we'd like to thank all our listeners whose financial support made this exciting change a reality.

To God be the glory! "The heavens declare his righteousness, and all the people see his glory" (Psalm 97:6).
